## HOW TO PLAY

Fluxx is a game about change. It begins very simply, with a couple of core rules, and gradually becomes more complex as cards are played that change the rules. Even how you win will be constantly shifting, so you're never sure who will win until someone does. With the perfect blend of luck and strategy, every game is different!

This version of Fluxx takes you to outer space, but this time it's not sci-fi! Cruise around the solar system with Keepers representing each planet and other astronomical objects.

- The Fluxx series of card games has been in continuous print for over 20 years and has sold over 3 million copies.
- This title is the seventh in our line of educational Fluxxes (others include Fluxx Español, Nature Fluxx, Math Fluxx, Chemistry Fluxx, Anatomy Fluxx, and Fairy Tale Fluxx).
- NASA photographs and black backgrounds make cards striking!
- Learn about all the planets in our solar system, as well as many other formations in our home galaxy, the Milky Way.
- Gain knowledge of space milestones when the Quiz Me Action is played by correctly naming the year when various firsts took place.
