HOW TO PLAY

Each player is given a secret goal card of one of the five elements: earth, air, fire, water, and ether. The element cards are played on the table connected like dominoes, with each player trying to win by connecting seven panels of their goal. Action cards allow players to shake up the action in six different ways.

- Kids love the colorful design, fast play, and familiar matching strategy – adults love the game’s competitive edge.
- Fast, fun, colorful, and easy to learn.
- Preschooler rule variations included for children as young as three years old.
