## HOW TO PLAY

It all begins with one basic rule: Draw one card, play one card. You start with a hand of three cards, add the card you drew to your hand, and then choose one card to play, following the directions written on your chosen card. As cards are drawn and played from the deck, the rules of the game change from how many cards are drawn, played, or even how many cards you can hold at the end of your turn.

- Learn how elements combine and interact as you try to match the current Goal and win
- Fluxx is an evergreen title with over 2 million units sold
- Great game for groups of mixed ages - kids and adults can both play and remain competitive
- Chemistry Fluxx never plays the same way twice
