

FLUXX THE BOARD GAME

HOW TO PLAY

2-4
PLAYERS

AGES
8-Adult

15-45
MINUTES

The current ruleset is shown by a pegboard so players can easily update rule changes as they go, starting with things like how many cards you can draw and play on your turn, and how many spaces you can move your pieces. As the game progresses, these will fluctuate, and new abilities, like Wraparound, or Rotate a Tile will come into play as well. Achieve a Goal off the top of the stack by occupying the right locations – or win a Goal from your hand instantly by playing it after you’ve already sneaked into place! Get the required number of Goals to win the game – quickly, before someone changes the rules again!

ABOUT THE GAME

Everything is in Fluxx in this unique game – the rules, the game board, even the color of your pieces! It’s more strategic than the original Fluxx card game with an ever-shifting landscape of tiles that can be rotated or uprooted elsewhere on the table while you compete to occupy the right tile spaces to claim the current goal and reveal the next goal... getting you one step closer to victory!

- Based on the ever-changing hit card game, Fluxx.
- A new release of the 2015 original – all the same pieces, but fit into a more compact box that fits three to a standard Looney Labs display.
- Redesigned pegboard construction solves the unfortunate peg problem that existed in the 2015 edition.
- Instead of collecting Keepers, in this game you play Leapers to jump to a particular image on the board.
- A long-time fan favorite, and a highly entertaining twist for more recent Fluxx enthusiasts!
