Pyramid Arcade is a collection of 22 of the best games that have been created over the past 25 years for Looney Pyramids. The set includes 90 pyramids (in 3 sizes), a detailed rulebook, 9 dice, 3 decks of cards, a variety of gameboards, and more.

A set of these pyramids can be used to play numerous different games... rather like a deck of playing cards.

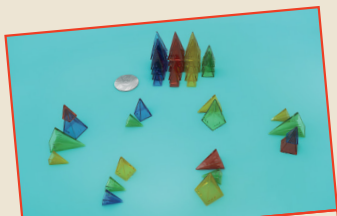

Zendo began as a game for these pyramids, but it wasn't featured in Pyramid Arcade because it requires more pieces of fewer colors, and because we had plans for a standalone Zendo set that takes the original game to another level.

Here's a look at a few of the games inside Pyramid Arcade...
